## 1. Introduction

Kat ("we", "the Service") is committed to protecting the privacy of its users. This Privacy Policy explains what data we collect, how we use it, and how we protect it. By using Kat, you agree to the collection and use of information as described in this policy. This policy complies with Argentina's Personal Data Protection Law No. 25,326.

## 2. Data We Collect

We collect only the minimum data necessary to provide the Service. This includes:

### 2.1 Automatically Collected Data

- Discord Server (Guild) IDs — to store server-specific settings and configurations.
- Discord Channel IDs — for channel-specific configurations such as welcome and moderation.
- Discord Role IDs — for role management features including auto-roles and custom roles.
- Discord Message IDs — for features such as reaction roles and message sniping.
- Message content metadata — processed in real-time for moderation and ranking; not stored long-term.
- Message timestamps — for spam detection and moderation logging.
- Join and leave events — to maintain member tracking and audit logs.

### 2.2 Voluntarily Provided Data

- Welcome message templates and configuration.
- Custom role names, colors, and emoji preferences.
- Moderation rule configurations set by server administrators.
- Background images uploaded for welcome cards (stored securely on our servers).

### 2.3 Payment Data

When purchasing Premium, payment is processed exclusively through MercadoPago or PayPal. We do not store credit card numbers, bank account details, or any sensitive financial information. We only retain a record of your subscription status and expiration date.

## 3. How We Use Your Data

- To provide, operate, and improve the Service and its features.
- To enforce moderation rules configured by server administrators.

- To generate statistics, ranking leaderboards, and activity reports within your server.
- To process Premium subscriptions and verify access to paid features.
- To detect and prevent abuse, spam, and violations of our Terms of Service.
- To maintain audit logs of moderation actions for server administrators.

## 4. Data Retention

We retain collected data for as long as necessary to provide the Service or as required by applicable law. Specifically:

- Moderation logs are retained for 30 days and then automatically deleted.
- Audit logs and ranking data are retained for the duration of the bot's presence in your server.
- Uploaded background images are retained until manually removed by the server administrator.
- Upon removal of Kat from a server, server-specific data may be deleted after 90 days of inactivity.

## 5. Data Sharing

Kat does not sell, rent, or share your personal data with third parties for commercial purposes. Data may be disclosed only in the following circumstances:

- Legal compliance: when required by law, court order, or governmental authority in Argentina or internationally.
- Protection of rights: to protect the rights, property, or safety of Kat, its users, or the public.
- Service providers: trusted third-party services used to operate the Service (e.g., hosting providers), who are bound by confidentiality obligations.

## 6. Data Security

We implement commercially reasonable technical and organizational measures to protect your data against unauthorized access, loss, or misuse. This includes encrypted communications (HTTPS), access-controlled infrastructure, and regular security reviews. However, no method of transmission over the internet is 100% secure.

## 7. Cookies

Our web dashboard uses cookies solely for authentication purposes (session management after Discord OAuth2 login). We do not use cookies for advertising or third-party tracking. By using the dashboard, you consent to the use of these strictly necessary cookies.

## 9. Children's Privacy

Kat is not directed to children under the age of 13. We do not knowingly collect personal data from children under 13. If we become aware that a child under 13 has provided personal data, we will take steps to delete such information promptly.

## 10. Changes to This Policy

We may update this Privacy Policy from time to time. When we do, we will revise the "Last updated" date at the top. We encourage you to review this policy periodically. Your continued use of the Service after changes constitutes acceptance of the updated policy.
